Exemptions may be granted to aged accommodation or nursing homes.</p> <p>Use inflatable or temporary pool Not permitted.</p>

*Seasonal change of time restrictions use the Daylight Savings period, starting at 2:00am on the first Sunday of October and finishing at 3:00am on the first Sunday in April.

For the Odds And Evens system use your street number

- If the street number of your property is odd you can water in accordance with the restrictions on odd numbered days. E.g 1st, 3rd, 5th of each month.
- If your property has an even number you can water in accordance with the restrictions on even numbered days. E.g 2nd, 4th, 6th of each month.
- If your property has a range of street numbers then it should be treated as odd or even as per the first number in the range. For example if your property is 12-15 Smith Street then you can water on even days in accordance with the restrictions.
- If your property has no street number then it should be treated as an even property. For example if your property is "Tara" then you can water on even days in accordance with the restrictions
