

# WATER SUPPLY - POLICY - Single Service Connection

## Policy

That Council adopt a policy that more than one property cannot be serviced by a single connection to Council's water main.

## Objective

To ensure efficient demand management of water supply.

## Procedures/Practice

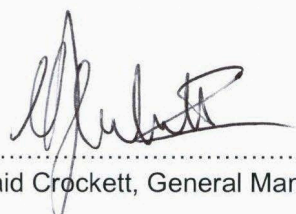

- Water connection work orders
- Development application process

## References

- Local Government (water, sewerage and drainage) regulations 1993
- This Policy was adopted by Council at its meeting on 25 September 2017, and replaces the policy of the same name dated 22 February 2016.

## Review Date

September 2020 by the Manager Water and Sewer.
