## Long Term Financial Plan

2024 - 2034

UPPER HUNTER SHIRE COUNCIL

Minor changes to this document may be made after publication at the discretion of the General Manager.

Access, Equity and Inclusion Statement

The Upper Hunter Shire community and Upper Hunter Shire Council are committed to welcoming all people who choose to live, work or visit our region. We welcome and celebrate diversity and believe it fosters growth. Community connections are integral to everything we do.

We commit to build a sense of place and belonging in our community. We will work collaboratively with the whole of the community to achieve the collective vision for the future.

We will acknowledge and address inequity, work to reduce and remove barriers and champion belonging in our community. We understand inclusion and participation are key to building a strong community. Access and inclusion make communities liveable for everyone.

We are committed to preserving the dignity of all people and to ensure services, facilities and public spaces are openly inviting and fully accessible.

**Sustainability Statement** 

The Upper Hunter Shire community and Upper Hunter Shire Council are committed to improving sustainability outcomes in our region. We will work with and alongside the community towards implementing the best practices around sustainability and celebrating the outcomes.

We value open spaces and creating opportunities for community to connect and enjoy the very best of the Upper Hunter Shire.

As well as setting targets to reduce emissions, we are acting to achieve our environmental goals and ensure the Shire remains a wonderful place to live, work and play.

#### Introduction

#### What is the Upper Hunter Shire Council Long Term Financial Plan?

The Long Term Financial Plan (LTFP) is a requirement under the Integrated Planning and Reporting framework and forms part of the Resourcing Strategy The Resourcing Strategy is a document Council is required to develop to detail the provision of resources required to implement the strategies established by the Community Strategic Plan (CSP) 2032 The LTFP is a decision making and problem solving tool where long term community priorities can be tested against financial realities

The Resourcing Strategy incorporates the Long Term Financial Plan, Asset Management Strategy and Workforce Plan with a specific focus to meet the needs of the Delivery Program 2021/2022-2024/2025

The Long Term Financial Plan is an important part of Council's strategic planning process This is the point where long-term community aspirations and goals are tested against financial realities It is a decision making and problem solving tool but is not intended to be set in concrete, it is a guide for future action The modelling that occurs as part of the plan will help Council to weather unexpected events It will also provide an opportunity for Council to identify financial issues at an earlier stage and gauge the effect of these issues in the longer term

The LTFP provides a framework in which Council can assess its revenue building capacity to meet the activities and the level of services outlined in the CSP 2032 It also:

- Establishes a greater transparency and accountability of Council to the Community;
- Provides an opportunity for early identification of financial issues and any likely impacts in the longer term;
- Provides a mechanism to solve financial problems as a whole;
- Provides a means of measuring Council's success in implementing strategies; and
- Confirms that Council can remain financially sustainable in the longer term

The Long Term Financial Plan is built on four foundations:

- Planning assumptions used to develop the plan;
- Revenue forecasts;
- Expenditure forecasts; and
- Sensitivity analysis (factors/ assumptions most likely to affect the plan);

Subsequent pages to this document detail the Long Term Financial Plan for the Upper Hunter Shire Council for the years 2024 to 2034 taking into account the assumptions detailed in "Part 5 – Structure" under the subheading of Modelling Assumptions

### Purpose of the Long Term Financial Plan

The Long Term Financial Plan exists primarily to facilitate the delivery of the Community Strategic Plan (CSP) 2032 The Long Term Financial Plan is not an end in itself but is a means of ensuring the objectives of Integrated Planning and Reporting (IP&R) framework are matched by an appropriate resource plan It is therefore important to acknowledge that any significant changes to the financial strategies expressed in this document will have a consequent impact on Council's ability to deliver the outcomes expressed in the Delivery Program

In addition to acting as a resource plan, the Long Term Financial Plan aims to:

- Establish a prudent and sound financial framework, combining and integrating financial strategies to achieve a planned outcome;
- Establish a financial framework against which Council's strategies, policies, and financial performance can be measured against;
- Ensure that Council complies with sound financial management principles and plans for the long term financial sustainability of Council; and
- Allow Council to meet its obligations under the Council's Charter of the Local Government Act to provide adequate, equitable and appropriate services and facilities for the community and to ensure that those services and facilities are managed efficiently and effectively and also to have regard tothe long term and cumulative effects of its decisions

shown here:

2

#### Introduction

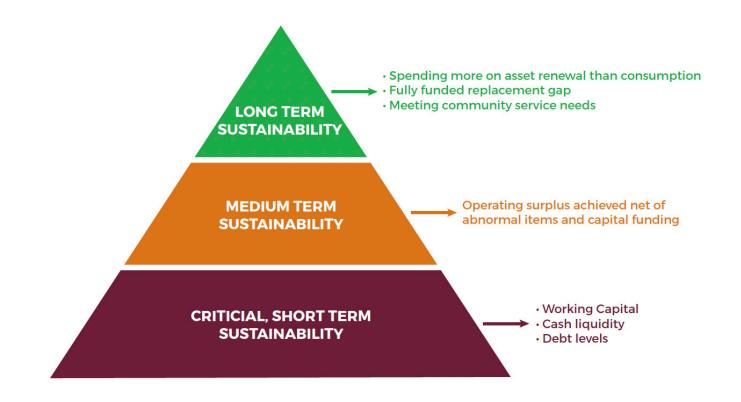

#### Objectives of the Long Term Financial Plan

The objectives that this Long Term Financial Plan are to achieve, are as follows:

- An increased ability to fund asset renewal requirements
- Progressing Council towards a position of financial sustainability in the long term
- Rate and fee increases that are both manageable and sustainable
- Investment and funding strategies which promote intergenerational equity

For the purposes of this strategy, financial sustainability is defined in the below diagram, modelled essentially on a hierarchy of needs approach

Whilst Upper Hunter Shire Council has no short term sustainability issues, it has challenges in meeting asset renewal requirements on an annual basis and the current gap, inclusive of the backlog of works not completed, is an issue that can only be addressed over a long period

#### About the Upper Hunter Shire

Upper Hunter Shire is located in the Hunter region of New South Wales, about 250 kilometres north of Sydney. It is bounded by Liverpool Plains Shire and the Tamworth Regional Council area in the north, Gloucester and Dungog Shires in the east, the Singleton Council area and Muswellbrook Shire in the south and the Mid-Western Regional Council area and Warrumbungle Shire in the west. The Upper Hunter Shire is a predominantly rural area and encompasses a total land area of about 8000 square kilometres, of which a large proportion is national park and nature reserves. Most of the rural area is used for grazing, dairy farming, horse studs and general farming. The main township is Scone, with smaller townships at Aberdeen, Merriwa and Murrurundi.

The Shire is a major cattle, crop, goat, pig, poultry and sheep producer, has an increasing number of vineyards, an abattoir which supplies the Australian and overseas markets, and the best and friendliest rural community within easy travelling distance from Sydney and Newcastle.

#### Councillors

Cr Maurice Collison Mayor

Cr James Burns Deputy Mayor

Cr Allison McPhee

Cr Lee Watts

Cr Ron Campbell

Cr Belinda McKenzie

Cr Adam Williamson

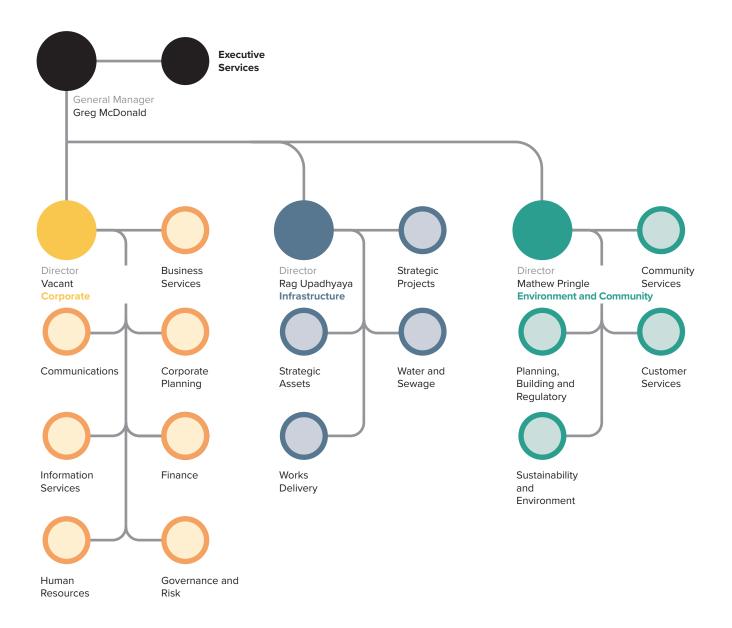

Cr Tayah Clout

Upper Hunter Shire Council consists of eight Councillors who have been elected by the Shire to represent the community for the next three years.

#### **Corporate Values and Structure**

#### Values

- Hutual respect for people and cultures.
- Ensure staff and community safety.
- Efficient, effective and reliable service.
- Honest, open and accountable.
- Deliver on our commitments.
- Improved Environmental Responsibility.

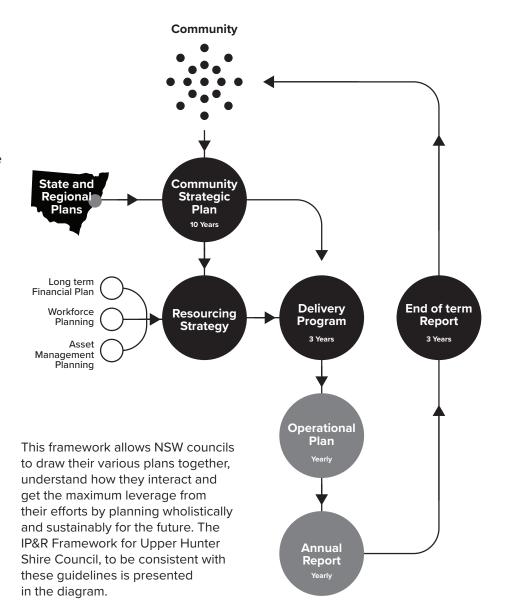

#### Structure

#### Integrated Planning and Reporting Framework

Local Governments in NSW are required to undertake their planning and reporting activities in accordance with the Local Government Act 1993 and the Local Government (General) Regulation 2005. In 2009, the Local Government Act was amended to create an Integrated Planning and Reporting (IP&R) requirement. A greater emphasis is placed on longer term planning with key elements including a Community Strategic Plan setting out the strategic directions (minimum of 10 years), Delivery Program outlining how Council will deliver on these directions (4-year period) and an annual Operational Plan. As at June 30, 2012, NSW councils are required to be working within the IP&R Framework.

The Office of Local Government provides guidelines and information to assist councils in meeting their requirements. The IP&R framework recognises that most communities share similar aspirations: a safe, healthy and pleasant place to live, a sustainable environment, opportunities for social interaction, opportunities for education and employment, and reliable infrastructure. The difference lies in how each Community responds to these needs. It also recognises that council plans and policies should not exist in isolation - that they are interconnected.

#### Measuring Progress

#### **Community Strategic Plan**

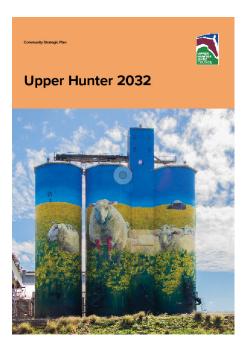

Upper Hunter 2032 is not a Council plan. There are many components and stakeholders, such as government departments, agencies and individuals who will help to deliver Upper Hunter 2032. The plan distills the community's aspirations and guides the decision making of Council.

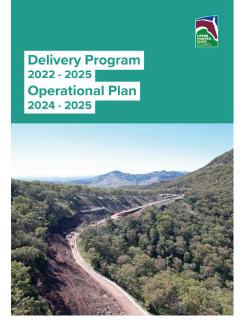

#### **Delivery Program**

The Delivery Program turns the aspirations outlined in Upper Hunter 2032 into actionable outcomes for the current 3 year electoral period. It provides a roadmap to Council's project and service delivery.

#### **Operational Plan**

The first year of the Delivery Program is called the Operational Plan. The Operational Plan is developed annually throughout the budget process to ensure we have the resources and capacity to continue to implement Council services and projects responsibly. When you have a look at our Operational Plan you'll see what's happening in 2023-24, including ongoing Council services, long term planning for sustainable growth, community development and exciting infrastructure projects. Importantly, you'll see how the work we have planned links back to what you told us you wanted for the future in Upper Hunter 2032.

**Community Vision** 

# A quality rural lifestyle in a vibrant, caring and sustainable community.

The Community Vision reflects what matters most to the people of the Upper Hunter. The vision was developed through consultation with community members.

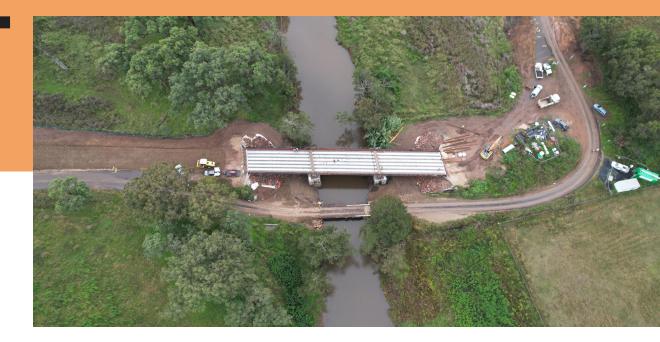

Strong partnerships with community members, groups, local businesses and State and Federal Government will be essential to successfully achieving the vision.

Merriwa Springtim Show

#### **Community Priorities**

Upper Hunter 2032 is the Community Strategic Plan for the Upper Hunter LGA. It defines the community's vision and is our roadmap for the future. It brings together extensive community feedback to set key directions and priorities. Developing the Community Strategic Plan for the Upper Hunter has been a unique opportunity to understand the aspirations and concerns of the community. Upper Hunter 2032 aims to enhance the day-to-day lives and opportunities of the community through effective decision-making, planning and service delivery across all areas. The product of an extensive community consultation process, Upper Hunter 2032 has been built around five community priorities that reflect the needs and values of the people who live in our region.

These priorities will underpin our future work. The Council and the Community will be able to clearly see how we are working to achieve each of the Community's priorities as each with link to a key focus area, goals and strategic directions.

#### **Connected Community**

Developing and deepening connections of people to each other and their community.

#### **Protected Environment**

Ensuring the ongoing protection of our environment and natural resources.

#### **Thriving Economy**

Strengthening our vibrant industries and economy while seizing emerging opportunities.

#### **Quality Infrastructure**

Maintaining and developing our infrastructure network to meet the ongoing needs of our population.

#### **Responsible Governance**

Providing efficient and responsible governance in order to effectively serve the community.

## **Strategic Objectives**

Upper Hunter 2032 sets a series of strategic objectives which drive the descision making at Council. The Delivery Program and Operational Plan translates these aspirations into actions; setting Council's agenda over the next three years.

#### A connected Community Strategic Objectives

#### 11

Advocate for and increase the availability and affordability of health services.

#### 1.2

Work collaboratively to address social disadvantage.

#### 1.3

Increase promotion of healthy lifestyle.

#### 1.4

Enhance partnerships to maintain a safe community.

#### 1.5

Advocate for, support and provide services and facilities for the community.

#### 1.6

Provide and support a range of community events, festivals and celebrations.

#### 1.7

Acknowledge and respect our Aboriginal culture, heritage and people.

#### Protected Environment Strategic Objectives

#### 2.1

Advocate for, facilitate and support programs that protect and sustain our diverse environment for future generations.

#### 2.2

Encourage and support community participation to care for our environment.

#### 2.3

Ensure all actions, decisions and policy response to natural hazards and climate change remain current.

#### 2.4

Implement and regularly review Strategic Land Use Plans, Environmental Planning Instruments and Development Controls, which reflect the needs and expectations of the broad Community.

#### 2.5

Provide efficient and effective advisory, assessment and regulatory services focused on being customer 'friendly', responsive and environmentally responsible.

2.6

Plan, facilitate and provide for a changing population for current and future generations.

#### 2.7

Provide efficient and effective waste and recycling services and support improved waste minimisation and recycling practices.

#### 2.8

Implement policies to ensure the protection of strategic agricultural lands, equine critical industry clusters, natural resources and heritage.

#### Thriving Economy Strategic Objectives

#### 3.1

Broaden and promote the range of business and industry sectors.

#### 3.2

Encourage retail and commercial business to increase local employment opportunities.

#### 3.

Provide attractive and functional town centres and support revitalisation of the towns and villages including investment in built heritage and improvement of existing buildings.

#### 3.4

Provide diversity in tourist attractions and experiences.

#### 3.5

Promote the Upper Hunter's unique brand identity.

#### 3.6

Facilitate and support increased and innovative tourism and marketing opportunities.

#### Quality Infrastructure Strategic Objectives

#### 4.1

Provide for replacement, improvement and additional Community and open space infrastructure through investment, best practice and risk management.

#### 4.2

Provide inviting public spaces that are clean, green, properly maintained, well designed, encourage active participation, family friendly and accessible to all.

#### 4.3

Provide safe and reliable water and sewerage services to meet the demands of current and future generations.

#### 4.4

Upgrade and maintain the road network and bridges.

#### 4.5

Advocate and improve access to communication services.

#### **Responsible Governance** Strategic Objectives

#### 5.1

Effectively and efficiently manage the business of Council, while encouraging an open and participatory Council with an emphasis on transparency, community engagement, action and response.

#### 5.2

Council is focused on innovation and continuous improvement to ensure a high quality of service which is aligned with business needs and community priorities.

#### 5.3

Effective financial and asset management to ensure Council's long-term sustainability.

#### 5.4

Open and effective communication methods and technology are utilised to share information about Council plans, intentions, actions and progress.

#### 5.5

Community is effectively engaged, can provide opinion and contribute to decisions that plan for the present and future of the Upper Hunter Shire.

#### 5.6

Develop and maintain effective reporting systems that enable Council to measure and report on performance.

#### 5.7

Effective management of risk underpins all Council decisions, service delivery and behaviours.

#### 5.8

Develop leadership skills and build networks through a range of formal and informal opportunities.

#### 5.9

Ensure Council is a great place to work by supporting Council employees in maximising their contribution.

#### 5.10

Encourage and build strong partnerships between the Community, business and all levels of government to support implementation of the CSP 2032 and to deliver the Community priorities.

#### 5.11

To participate and encourage regional coordination and planning between Councils and other organisations.

#### 5.12

Provide timely and effective advocacy and leadership on key community issues and priorities.

#### Foundations of the plan

#### **Planning Assumptions**

The 2023/2024 budget is the base year for the Long Term Financial Plan. Some of the planning assumptions have come from the Community Strategic Plan 2032 (CSP 2032) whilst other have been derived from general financial planning practices and historical trends over past years. Assumptions from the CSP 2032 income:

#### **Population Forecasts**

The number of rating assessments has been assumed across the life of the plan to increase by approximately 30 assessments per annum. It has been depicted in Australia Bureau of Statistics data that the region has stagnate over the last 5 years.

#### **Inflation Forecasts**

The effects of inflation over the last 3 to 4 years post COVID-19 has been quite abnormal. The influx of huge government stimulus funding into the economy has resulted in inflation coming off negative during COVID-19 in 2020 to ranges of 5% to 10% for the period 2021 to 2024 for general inflation and the construction building indices. Current government de-stimulation measures has reduced inflation to levels of under 5% in 2024. As a result Council has assumed an inflation rate from year 2026 of 3.5% reducing to 2.5% by year 2030 and remaining at that level for the duration of the plan. Therefore, majority of revenue and expenditure has flowed from these inflation rates, with the exception of any known increments such as general rate pegging.

#### **Revenue Forecasts**

In considering the likely revenue streams that will be available to meet the community's priorities and expectations for delivery of services the Long Term Financial Plan takes into consideration:

#### **Capacity for General Rating**

This is the major component of Council revenue base. The planning process includes an assessment of the community's capacity and willingness to pay general rates and whether there is the potential for changes in sentiment towards that capacity. In making that judgement Council has reviewed information relating to:

- Opportunities for a Special Rate Variation (SRV) to increase the general rate revenue
- The potential to reuce the reliance on general rates through increased revenues from grants, annual charges and user fees and charges.

#### Capacity to pay for Special Rate Variation

Council has undertaken an assessment of the community's capacity to pay as part of a Special Rate Variation (SRV) consultation phase. Based on this assessment for an average residential household, the SRV options for 1, 10% for 3 years and for 2, 7.5% for 4 years, indicates that there will be an increase in the general rate of \$6.21 and \$6.29 per week respectfully by the final year of the SRV. Based off the ABS 2021 statistical data of an average household of \$1429 in the Upper Hunter Shire this represented approx 0.44% of that income.

In essence the approx increase from the SRV above normal assumed rate peg is approx \$4 per week representing approx 0.28% of the average household income.

#### Fees and Charges

Many of the Council's services and facilities provided to the community and sporting groups are offered on a "user pays" basis. The fees are charged for the services and/or facilities provided and are detailed in the Fees and charges schedule provided each year. Council generally increases these revenue items by CPI with the exception of specific review or cost recovery.

#### **Grants and Contributions**

Although considered spasmotic, it is considered that Council is heavily reliant upon the availability grant funding opportunities from both the Federal and State Governments particularly for capital projects.

For operational purposes Council does receive constant funding from the Federal and State Governments in the form of:

- Financial Assistance Grants for general purposes and roads;
- Regional road funding from Transport for NSW to maintain linking State roads within the shire;
- Aged Care and Children Services subsidies to assist in delivering

#### Foundations of the plan

both services

 Other general specific annual funding programs that are provided year on year.

It is noted that other funding opportunities do arise as and when funding programs become available which Council will make application for, however these are not guaranteed.

#### **Expenditure Forecasts**

The CSP 2032 gives Council a good indication of the amount of money required to meet the community's expectations for the future This should be considered along with the information Council already has about its ongoing operational costs

In developing expenditure forecasts, consideration has been given to new expenditure items that are proposed in addition to Council's ongoing commitments

The relevant sources of information for ongoing commitments include Asset Management Plans, Workforce Strategies and repayment schedules on borrowings

Appropriate phasing of costs across the term of the Long Term Financial Plan has been included For example, with capital projects which are to be completed during the term of the plan, the cost reflects when specific expenditure for planning, construction, implementation and maintenance is expected to occur.

#### **Sensitivity Analysis**

Long Term Financial Plans are inherently uncertain as they contain a wide range of assumptions, including assumptions about interest rates and the potential effect of inflation on revenues and expenditures. Some of these assumptions have a relatively limited impact on the future forecasts if they are wrong, however others can have a major impact on future financial plans if the forecast assumptions are found to be inaccurate at which time it will be necessary for Council to reconsider the current strategies on expenditure and revenue and realign the LTFP 2024-2034 to fund any changes in costs or revenues.

The following assumptions have been used in the forecasting of the LTFP:

#### Inflation

Changes in inflation caused by both Australia and international local events, regional and microeconomics and macroeconomic events will impact both revenue and expenditure.

#### **Rate Pegging**

Changes in rate pegging methodology will impact revenue forecasts

#### Special Rate Variation (SRV)

Introduction of proposed SRV scenarios will impact revenue forecasts, potential borrowing costs and financial performance indicators such as operating performance ratios

#### Grants

The LTFP models only included recurring grants and capital grants that have already been awarded. A number of the grants that are received that funds specific programs may significantly affect infrastructure renewal programs if they are not be offered to Council and these grants were eliminated (e.g., Roads to Recovery)

#### **Employee Costs**

Factors outside Council's control such as Wage Award increases will impact expenditure forecasts. In addition employee termination patterns will impact employee leave entitlements' reserve and liability as well as recruitment and training costs **Interest on Investments** 

Council has a cash investment portfolio that is subject to movements in interest rates Investments are placed and managed in accordance with the Council's adopted Investment Policy in compliance with the Local Government Act As a custodian of the community's funds, the Council ensures funds are invested with the same care, diligence and skill that a prudent person would exercise

Service levels and capital expenditure are impacted by fluctuations in interest rates

#### **Interest on Borrowings**

Council has entered all loan facilities under a fixed interest rate option so that repayments and interest charges are known over the life of the loan period. This removes the uncertainty of interest rate fluctuations within the market.

#### **Population Growth**

The Long Term Financial Plan is based on minimal population growth. Should the population grow faster than this rate both service levels and rating income will be impacted

#### **Financial Performance Indicators**

The financial performance indicator graph included in this plan are intended to be indicative of the Council's financial health and good business management practices being implemented The financial indicators are calculated on the General Fund of Council only and form the cornerstone of the Office of Local Government's "Fit for the Future" criteria

The financial performance indicator graphs have been calculated for each scenario of the long term financial plan with the benchmark requirements as set by the Office of Local Government summarised as follows:

Financial Performance Ratio	Benchmark Indicator
Operating Performance	>0%
Own Source Revenue	>60%
Infrastructure Renewal	>100%
Infrastructure Backlog	<2%
Asset Maintenance	>100%
Debt Service	>2x

Cover

#### **Operational Performance Ratio**

This ratio measures Council's achievement of containing operating expenditure within operating revenue

#### **Own Source Revenue Ratio**

This ratio measures fiscal flexibility It is the degree of reliance on external funding sources such as operating grants and contributions

#### **Infrastructure Renewal Ratio**

To assess the rate at which these assets are being renewed relative to the rate at which they are depreciating

#### Infrastructure Backlog Ratio

This ratio shows what proportion the backlog is against the total value of a Council's infrastructure

#### **Asset Maintenance Ratio**

Compares actual vs required annual asset maintenance A ratio above 1 0 indicates Council is investing enough funds to stop the infrastructure backlog growing

#### **Debt Service Cover Ratio**

This ratio measures the availability of operating cash to service debt including interest, principal and lease payments

#### Structure

The Long Term Financial Plan is structured as a series of scenarios each of which shows a specific financial outlook.

This iteration of the Long Term Financial Plan presents financial forecasts associated with the following three (4) scenarios:

- Scenario 1 IPART Rate Pegging increment only. With reduced services and capital expenditure.
- Scenario 2 Option 1 introduction from the 2025/2026 year of a permanent SRV of 10% over 3 years with a cumulative effect of 33.10% and then reverting to rate pegging increments after the 3 year period.
- Scenario 3 Option 2 introduction from the 2025/2026 year of a permanent SRV of 7.5% over 4 years with a cumulative effect of 33.55% and then reverting to rate pegging increments after the 4 year period
- Scenario 4 IPART rate pegging Increment only with all services and capital expenditure included from scenarios 2 and 3.

The financial projections have been formulated to provide a 10 year consolidated financial position, inclusive of the Council's General, Water and Sewer funds, and are presented as follows:

- Income Statement
- Balance Sheet
- Cash Flow Statement
- "Fit for the Future" benchmark ratios

For completeness, each of the Council's individual funds are also included and presented in the following unconsolidated format:

- Income Statement
- Balance Sheet
- Cash Flow Statement

Financial modelling in the Long Term Financial Plan has been based on the Operational Plan 2023/24 and incorporates the final stages of a heavy infrastructure program over the next two (2) years

Council has over the last 4 years been successful with a number of major grant funding announcements which has brought a number of significant infrastructure projects from the design and planning stages to the construction phase. It is noted that Council, over the next 2 years, will be required to supplement the funds secured from Government agencies to assist in delivering these significant projects.

Council has reviewed its borrowing capacity and at this stage does not envisage the entering into of any new loan agreements within its 10 year forecasts. Significant improvement is forecasted in Council's borrowing capacity this a debt coverage ratio well above the recommended Office of Local Government benchmark of 2x by the end of the forecast period.

The projections are prepared based on current knowledge and service levels and will no doubt be affected by various events which will occur in future years It is important that the long term financial outlook be revisited and updated on an annual basis.

#### Modelling Assumptions

The cornerstone of Council's Long Term Financial Plan assumptions are based on the Delivery Program & Operational Plan 2021/22 to 2024/25 which will be adopted by Council on the 24th June 2024

Using the Revised Operational Plan 2023/24 budget as the base year, Council has factored in the following assumptions to determine the 10 year forecast:

- Unrestricted cash balance target of greater than \$0 for the general fund as a measure of short term liquidity
- Four scenarios used:

**Scenario 1** – IPART Rate Pegging increment only with reduced services and capital expenditure to balance the budget.

**Scenario 2** – Option 1 introduction from the 2025/2026 year of a permanent SRV of 10% over 3 years with a cumulative effect of 33.10% and then reverting to rate pegging increments after the 3 year period.

**Scenario 3** – Option 1 introduction from the 2025/2026 year of a permanent SRV of 7.5% over 4 years with a cumulative effect of 33.55% and then reverting to rate pegging increments after the 4 year period.

**Scenario 4** – IPART rate pegging Increment only with all services and capital expenditure included from scenarios 2 and 3. This scenario is not viable as Council effectively does not have the funds to deliver the services and capital required and there would be a shortfall of \$15.8m in the general fund by 2034.

- Statutory fees and charges have been based on legislative boundaries.
- Annual access charges for water, sewerage and waste services are increased on a needs basis to meet the service requirements of the communities current and future demands, inclusive of:

 Providing the revenue mix of water supply under a 25/75 annual access charge to user consumption ratio in line with NSW Water Best Practice

Maintaining a year on year
5% increase in both Water and
Sewerage access charges to meet
future infrastructure demands of
the community.

Ensuring revenues meet the operations of Council's waste management facilities and kerbside collections inclusive of the State Government Regional Regulated Area (RRA) Levy

- Unregulated fees and charges be increased in line with Consumer Price Index (CPI) as a minimum
- Salary and wages indexation to be set at 3.5% for 2025/2026 & 2026/2027 reducing to 3.0% in 2027/2028 then 2.75% for 2028/2029 & 2029/2030 then 2.5% from 2030/2031 and remaining future years of the LTFP
- All other costs to be indexed by an indicative Consumer Price Index (CPI) of 3.5% for 2025/2026 & 2026/2027 reducing to 3.0% in 2027/2028 then 2.75% for 2028/2029 & 2029/2030 then 2.5% from 2030/2031 and remaining future years of the LTFP less continuation of improvement and efficiency reductions identified during the 10 year period
- Investment rates estimated at a conservative 3.5% which is sense check against the 90 day BBSW monthly average over the last twelve months for reasonableness

- Loan borrowing rates assumed for new borrowings are based on conservative T-Corp lending rates for 10, 15 and 20 years depending on loan term
- New borrowings will only be for the following:

 Capital infrastructure works for either new and expansion of existing assets to improve service delivery to the community and where annual recurrent operational costs attributable to the additional infrastructure has factored into the budget as affordable and funded

 To reduce the funding gap for the renewal of existing infrastructure

 When it is for commercial purposes and the repayments can be met from the additional revenue sources generated

 The term of the loan must also be in accordance with Council's loan borrowing policy in that the loan borrowing term should be relevant to the useful life of the asset being funded from the borrowing.

It is noted that there is no new borrowings included in the 10 year forecast.

- Advance payment for the 2024/25 Financial Assistance Grant has been recognised in the 2023/24 financial year. This scenario will occur across the period of the 10 year plan
- Assumed that Council will reduce its outstanding receivables in 2023/24 by 50% and 30% in 2024/25 due to significant grant funding outstanding at 2022/23 and then by 2% year on year with increased recovery processes

- Assumed that Council will reduce its provision for employee entitlements by 1% year on year with adherence to Council's excessive leave policies
- Assumed that Council will reduce its inventories by 1% year on year with improved just-in-time ordering and reduced slow moving product lines
- Assumed that Council will reduce accounts payable in 2023/24 by 20%, then 30% in 2024/25 and 20% in 2025/26 due to large accruals for major infrastructure project works. Accounts payable will then increase by 1.0% year on year due to effects of indexation.

## Scenario 1 Rate peg base rate

# with <u>reduction</u> in services and capital expenditure to balance the budget.

#### **INCOME STATEMENT FORECAST**
